BRO LEE WATTS

August 2011

Dear Prayer Warriors,

What a great summer the Lord is giving us! We started July with a great meeting in Franklin, KY preaching God's Word and teaching on the Biblical basis of the Declaration and Constitution.

Last month, Chrissy and I were blessed to teach the 10-year-old class during our church's Vacation Bible School and lead three kids to Christ. The following week, the gas man came to work on our house and the Lord provided an opportunity to lead him to Christ at the kitchen table. Praise the Lord!

In the evening of August 2, I will be speaking to a patriot group meeting in Elizabethtown about America's Christian heritage, the upcoming election, and events at the State Capitol. If anyone would like to attend, it would be great to have you there. Just write or call for the details.

Everything is going well with the family. The kids enjoyed going to a week of church summer camp (mom and dad enjoyed that too.) We had a little trouble with the car last month, but to save some money, I decided to do the repair myself. The problem was fixed, and there were no left over parts - a personal best! Granted, the hubcaps fell off the next trip, but the car works now and who needs hubcaps anyway.

Our deep appreciation to each of you who lift our family up in prayer. We can really tell a difference when God's people seek His face on our behalf.

Raising a stink

During a committee meeting at the Capitol, the issue of state parks starting to sell alcohol arose. If this is not stopped, within 60 days many of our parks will begin selling booze. I addressed the committee on the issue, and began by reading Proverbs 20:1. Some of the legislators did not... *appreciate* my comments, and said how my predecessor (Bro. Joe) never testified before a committee.

First, this is a moral issue, therefore I will take a stand on it. I hope each of you will call the Legislative Message Line (1-800-372-7181) to leave a message for your senator and representative, asking them to not allow alcohol sales at state parks.

Second, Bro. Joe did testify before a committee on the topic of having alcohol sales at racetracks years ago. They didn't appreciate the preacher's stance then, and nothing has changed. Luke 6:26 says, "*Woe unto you, when all men shall speak well of you!*" This isn't a problem I have. Your prayers and action in this fight are much appreciated.

I don't desire to raise a stink, but sometimes taking a Biblical stand requires it.

Capitol tours

With school about to start, (can I get an a-men from all the parents) it's time to plan field trips. Part of this ministry is providing free tours of the State Capitol. A Capitol tour is a great way to learn about the history of our state, how ideas become laws and more. After the tour, we meet with your district's legislators for a picture and short talk.

This is NOT only for schools!

Visiting the Captiol is a great way to let legislators see Christians being active in their government. When it's time to vote on laws, legislators will remember all the Christian groups that have come to meet with them.

If your Christian school, church, or homeschool group would like to have a tour just contact me.

God & Country Ministry is an entirely faith-supported work. To contribute, please use the below address.
