October 2011

Dear Prayer Warriors,

What a wonderful God we serve! The Lord blessed us last month with chances to preach in Vine Grove, Rogers, Campbellsville, and Jackson. At a Bible college in Jackson, I was able to teach on the Biblical basis of the Constitution and Declaration of Independence. Too often, we are told America is not a Christian nation and never was. Personally, I think it's the denial of America's Christian heritage that may be what was behind the earthquake on the east coast last month. It was our founding fathers all turning over in their graves at the same time! Our Christian heritage is no longer taught. Hosea 4:6 says, "My people are destroyed for lack of knowledge..." If you would like me to teach this lesson to your church or patriot group just let me know.

At the Capitol, one of the legislators has told me he will not be seeking re-election in 2012. As it turns out, that senator is one of the solid Christians up there. Yes, there are some Christian statesmen. Notice I didn't say politicians. A statesman tells you what is true even though it may be unpopular. Politicians will tell you what is popular, even though it may be untrue. I hope you will prayerfully consider if God would have you run for public office in 2012.

As far as the family goes, our son Joshua is turning 11 this month. It seems like only yesterday he was outgrowing his clothes and eating us out of house and home. Wait a minute, that was yesterday. We are very proud of him and are excited what God has in store for his life. Our deepest thanks for all the prayers for our family. We are in constant need of His protection and guidance and your prayers are much appreciated.

NEWS & WHAT YOU CAN DO ABOUT IT

- One of the best ways we can be active is by voting. Elections are coming up in November. In most states, you must be registered no later than 30 days before the election. So if you aren't registered - hurry. To register to vote, visit registertovote.org. (Clever name, isn't it? 😊)
- U.S. troops are being pressured not to speak out if they oppose the repeal of "Don't Ask, Don't Tell" (the policy that kept sodomites from serving in the military). Pressuring our forces to be quiet is an infringement of their Constitutional right of freedom of speech. Rep. Duncan Hunter (R-Calif.) is proposing a measure to protect our troops' rights to express their opposition to sodomy. What you can do is contact your senator and representative in Washington D.C. and have them support the measure by Rep. Hunter to let our troops freely and openly speak in opposition to sodomy.
